Regional Operations Center  
Salt Lake City, UT*

# **WEATHER KEY POINTS**

**11/22/21 - 11/28/21**

## **Monday-Sunday**

- Gusty Santa Ana winds and critical fire weather conditions will diminish across Los Angeles and Ventura Counties through midday Monday as winds quickly decrease
- Areas of dense fog over the Central Valley will also erode through late morning before redeveloping overnight. Additional periods of fog are possible through midweek across the Central Valley.
- Some very light showers are expected across far northern California later Monday into Tuesday
- Another round of gusty Santa Ana winds and elevated to critical fire weather conditions is forecast to develop Wednesday through Friday for portions of coastal southern California
  - Winds are not expected to be as strong as those seen Sunday through Monday morning, though humidity levels will be quite low, generally in the 5-15% range
